In a nutshell: Physical High School Tours

Our Physical High School Tours are essentially a series of mini fairs that take place at between 12 to 15 prestigious high schools throughout the week. They are all-inclusive, including accommodation, breakfasts, the fairs themselves, local transportation, welcome and farewell dinners, and social activities.

Quality, Care & Personalization

- ✓ **Chosen schools** have strong profiles for overseas study: a tradition of high-achieving students studying abroad, excellence in teaching, and high approval levels at major universities.
- ✓ **Led by** experienced FPP staff, 2-3 schools are visited per day, with parents also welcome to attend. Considering factors such as geographical region and visit duration to maximize your time and connections, our team works closely with the schools to ensure collaborative outcomes, giving you the opportunity to meet high-achieving students with well-matched profiles.
- ✓ **Meet with** each school's career adviser before preparing for their international study fair. At the school's request and where time allows, representatives may have the opportunity to present to students prior to the fair.
- ✓ **In the build-up** to a tour, our staff visit the schools to prepare students for the event, often giving an assembly talk to students in their final two years.
- ✓ **Zero hassle** with all planning, organization and logistics taken care of by FPP staff, ensuring not only a successful recruitment event but also an enjoyable & stress-free experience for all involved.

Key features

- ★ Led by experienced, local FPP staff with social activities & excursions included
- ★ 10 exhibitors - a personalized & exclusive experience
- ★ Visit some of the world's leading & untapped schools
- ★ Engage face-to-face with students in a fair format
- ★ Build relationships with local careers advisers, counselors & school leaders
- ★ Maximize your time abroad with an all-inclusive tour

A curated selection for great outcomes

Only schools that have strong study abroad profiles and an established tradition of sending students overseas to universities around the world are selected for inclusion to our Premium High School Tours. We are firm believers in quality over quantity, so you can rest assured the engagement you'll have will be worthwhile and meaningful.

Efficient planning & Execution to **maximize your time**

With dedicated FPP personalities assigned to take you through each and every step of your Premium experience - from pre-departure to the activity on the ground - you'll get a clear agenda that's been carefully crafted, ensuring everything is manageable, enjoyable AND worthwhile.

Format

Each school visit is in fair format and may include:

- ★ An introduction to all students, given by the FPP tour leader and/or the school career adviser/counselors
- ★ Brief introductions by each university representative to the student group (no more than 30 seconds).

University introductions depend on the requirements of each school and time available.

Setup

Fair setup varies from school to school. We ask for a large space with enough room to host one table per university. The size of space and tables vary, but you will have a table and a chair in each school..

Timings

Our tours aim to visit 2 to 3 schools per day, provided it works logistically. We encourage schools to invite other schools where possible. This is at the discretion of the school that is hosting.

Times of visits will vary, though lunchtime and after school slots are the most popular, as schools are often bound by strict rules about releasing students from lessons.

Less is more

In-keeping with our commitment to reducing the negative impact on our environment, we ask that you **don't ship any brochures**. Bring a few copies, of course, but the aim is to make use of the **table sign & QR code** that we provide you with, which **links students directly to your digital profile** showcasing your brochures, information, videos and more.

What's more, students will be able to use **The Student World mobile app** to follow your institution, instantly opening up practical communication channels between you long after the tour is over.

Using technology like this is not only more environmental friendly, it's way less hassle and far more convenient. A few taps and a scan and everything about your institution is right there in the pockets of your prospective students!

By scanning your QR code, students can access:

- ✓ Your institution's profile
- ✓ Brochures, Videos, Photos, Campus locations

Work & Play

Where? How? When? We've got it covered.

We understand that it takes just one oversight for a great experience to start unravelling. That's why we pride ourselves on meticulously covering logistics behind the scenes to ensure a seamless tour, a tour that ticks the boxes for you personally as well as for your institution's recruitment goals.

Inter-city travel

Flights between cities during all tours are included, including to and from the airports.

Accommodation + food

Accommodation is included + breakfast - also a welcome and farewell dinner on the first and last days.

Local transport

Ground transport by executive bus or van is included between hotels and schools.

**Social/
Cultural
Activities
Included!**

Physical High School Tours

Brazil 2023

In September 2023 we took a bespoke group of 5 exhibitors on a personalized tour of 13 reputable high schools in 3 Brazilian cities over 6 days. Hear from Sierra Bell, Slippery Rock University, give feedback on her experience:

Sierra Bell,
Assistant Director International Admissions & Recruitment
Slippery Rock University, USA

Getting students excited

We brief participating schools and their students to drum up excitement and get them ready to make the most of the engagement with visiting institutions.

Case Study: Brazil 2023

Physical High School Tours

Feedback from Marist College

The tour in Brazil with FPP was great! We were able to see wonderful students in all schools we visited. From Sao Paulo, to Rio de Janeiro the FPP team handled everything with care and dedication.

Each of the team members were memorable, from the registration stages to the kindness and the attention to detail from Nathalia Pinherio, to the leadership and guidance of Julio Ronchetti, and the organization and optimism of John.

I believe this tour was planned out to help us connect with students and counselors in Brazil, and it delivered exactly that. I would recommend this company to any of my colleagues in the recruiting world to have a successful and productive travel season.

Thank you to the FPP team for working with us and helping us meet wonderful students and counselors in Brazil!

Lesly Garcia
Assistant Director of International Admission

Case Study: Brazil 2023

Physical High School Tours

Feedback from Brock University

I was truly impressed by the seamless execution, attention to detail, and the level of professionalism displayed throughout the tour. Your team's dedication to excellence was evident in every aspect of the event.

The incredible job that you all are doing in connecting young minds/the future generation to the countless opportunities for growth that studying abroad can offer IS SECOND TO NONE. Your organization plays a pivotal role in shaping the aspirations and dreams of students all over the world, and it's evident that you are making a positive impact on their journeys as well as on the internationalization efforts of our institutions.

Hector Michelena
International Recruitment Officer – Latin America

Case Study: Brazil 2024

Physical High School Tours

Feedback from Universidad Europea del Atlántico

The high school tour in Brazil marked my second FPP event, and it exceeded my already high expectations set by the first one. This time, they adopted a new approach by visiting potential schools outside of our usual recruiting areas, resulting in an incredible experience. Many schools eagerly welcomed us, with some even organizing impressive events to greet our arrival.

The FPP team demonstrated professionalism, friendliness, and helpfulness throughout the tour. They proved to be well-prepared to handle any unexpected situations that arose. Their dedication to improvement was evident as they actively sought feedback and listened to the group they were guiding, qualities I consider to be of utmost importance.

Rudney Hillesheim
International Student Recruiter

Case Study: Brazil 2024

Physical High School Tours

Feedback from Algoma University

The FPP Premium High School visits offered our institution the opportunity to directly engage with high-caliber academic profiles and exceptional students.

Exploring cities where international recruitment is less common provides a notable advantage. This approach enabled us to establish connections with more schools and students who genuinely value our presence and the array of study abroad opportunities we offer.

I couldn't have embarked on this recruitment trip to Brazil without FPP! Their expertise, guidance, and support made this journey unforgettable.

Claudia Ortiz
Regional Recruitment Officer LATAM
